

WISHES YOU  
A HAPPY

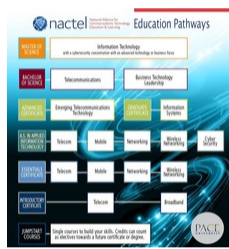

## Introducing the New NACTEL!

Big news! As NACTEL enters its 20th anniversary, we are excited to showcase our new logo, name – **National Coalition for Communications, Technology, Education & Learning** and [website](#). Our new look matches the ongoing evolution of NACTEL. Since our beginning in 1999, NACTEL has grown and evolved from designing and offering one online telecommunications program, to now offering a variety of emerging **communications** programs. Our national alliance, represented by communications employers across the country, continues to support the education needs of individuals to gain a competitive advantage in the ever-evolving communications industry.

### Updated Education Pathways

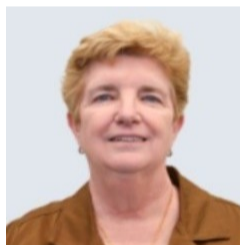

Explore the NACTEL/Pace University online programs through our stackable credentials, including courses, certificates and degrees. Many careers in the Communications industry require some postsecondary credential. NACTEL's online programs are aligned to both the technical and non-technical aspects of the emerging telecommunications industry.

We set the "Pace" with updated content in the following:

- Python
- Internet of things
- Software Defined Networks
- Cloud Computing
- Security
- And More

### Are You Ready for the Next Step in Your Career?

Nancy Hale, Executive Director of Pace University Online

NACTEL's education partner, Pace University prepares you for real world success in the communications industry with relevant online programs in Python, Security, Software Defined Networks, Cloud Computing and much more.... Are you curious about what it's like to be an online student at Pace University?

Learn more about Pace's support, resources and flexible accredited certificates and degree programs for adult learners. Sign up for a virtual open house and hear directly from faculty and advisors...and meet Nancy Hale, Executive Director of Pace University Online.

[Sign up for the next Virtual Open House](#) scheduled for February 5, 2019 at 11am, 1pm, 8pm (Eastern).
